I understand. We are new at this, and only shipped one load in 2016. Is there a preferred or required format for that report? I can get that generated by Monday or Tuesday.

Thank you for the reminder.

No, we are contacting all our CRT export notifiers to obtain their 2016 CRT annual export reports, which need to be on paper with original signatures.

Brett:

According to our database, your company had consent to export CRTs to Spain in 2016 with letter 14017/4E/16, which began on December 20/2016.

Was this consent letter used for any actual exports?

Please respond at your earliest convenience.
